The Japan Revitalization Strategy since 2013

Achieving world's class employment practices

1. Diversity and flexibility
   - Everyone can choose one’s life/work style

2. Employability and mobility
   - Everyone can move to an appropriate profession

3. Participation by all
   - Everyone can fulfill its potential
Demographic dividend in emerging economies

Acceleration in economic growth due to demographic dividend.
More than double workforce enter into labor market.
