

KOTO Tour with Lunch

KOTO stands for **Know One, Teach One**. This tour is designed to deepen your knowledge of vocational training programs for disadvantaged youth. KOTO believes learning should be passed on; knowledge is meant to be shared. This is the essential idea of KOTO's Vietnamese-Australian founder, Jimmy Pham.

More than 16 years ago, Mr Jimmy opened a hospitality training centre in Hanoi, giving at-risk and disadvantaged youth the opportunity to learn and thrive in their lives. KOTO's purpose is to end the cycle of poverty by empowering and helping our targeted youth to forge a better future for themselves, their families and their communities.

As a social enterprise, KOTO has trained over 700 students in our training centres in Hanoi and Saigon, with 200 of them currently enrolled.

KOTO Foundation has two arms. One arm focuses on raising funds to support its cause through charitable activities and initiatives, KOTO also operates an Enterprise arm, which serves as a platform for real life hospitality training and a source of income to support the training and welfare of our students.

Tour includes observing the students in classes and lunch served by the students. Bus leaves from the Bizu Boutique Hotel at 9 AM and from the Ibis Hotel at 9:15 AM. Tour ends back at RMIT at 1 PM.
