

## Vespa Foodie Tour

Join in our tour of Saigon at night on a Vespa. You will have a chance to sample the most amazing dishes that Vietnam has to offer. Our drivers and guide will take you to several parts of the City that offer different local Vietnamese foods from South to North Vietnam. You will see parts of town that you would not find by yourself and taste foods that are truly special.

You will travel on the back of vintage classic restored vespa scooters. The wind in your hair will keep you cool and you will have time to savor the sites you pass. Each slow-moving scooter has an expert driver who speaks English, so safety is not a concern. A guide will lead the group to yummy, delicious and authentic Vietnamese foods and beverages!

You will taste a variety of dishes, beverages, and desserts that most other travel guides don't touch on. Our drivers will bring you into the streets and alleyways that are most popular for their nightlife. Watch the locals shopping and choosing a place to dine. Find the places which the locals love best.

Join us! This Saigon after dark foodie tour is designed not only bring you to taste the popular street foods but also the very good local food in beautiful locations away from the city center. You would not be able to find these places on your own

or find them in a guide book.

Tour leaves from the Bizu Boutique Hotel at 5 PM and from the Ibis Hotel at 5:15 PM. Tour ends back at your hotel by 10 PM.
