

What are the Different Career Consultant Certifications in Japan?

The article below was published at: <http://matome.naver.jp/odai/2139250419666735101> on March 12, 2015. It has been converted to English, with some editing for syntax.

This article was written before the government has passed legislation to authorize national "career consultant" certification. How this examination will be implemented has not yet been determined. This article explains how complex the situation has been in Japan. This national certification should help to simplify the situation, although there is currently anxiety about the winners and losers in this effort by the government to simplify the situation.

Note that the terms career consultant, career counselor, employment counselor, industrial counselor, and several others are used interchangeably.
