

## Member Mentoring Webinar **Cultural Neuroscience**

*By Dr. Sujata Ives*  
**Thu Nov 30/Fri Dec 1, 2023**

21<sup>st</sup> Century leaders need to understand the role that cultural conditioning plays in the Bio-Psych-Social-Cultural-Spiritual Model. Whether you are in an association meeting or in negotiations, you will have to learn how to listen to and respond to a myriad of cultural differences at the table. It is not about exerting our influence on others through egoic leadership styles, but rather conscious leadership that can close the cultural divide through understanding of human anatomy and physiology.

1. Participants will be able to understand Cultural Neuroscience and Cultural Conditioning.
2. Participants will be able to understand how various cultures work and communicate.
3. Participants will be able to gain knowledge of beliefs, customs, and practices.

Please find the time in your location:

Americas	Nov 30	Asia & Pacific	Dec 1
North America East Coast	9-10:30 PM	Samoa, New Zealand *	3 – 4:30 PM
