Request from Raza:

- For advocating APCDA new membership in new regions, I was hoping if a budget can be allocated to each Country Director in regions which career counseling and career guidance is emerging.
- I am planning to conduct a series of presentations at leading universities in Pakistan to attract student and professional membership of APCDA. This pro-active strategy will increase APCDA memberships.

Action taken: The Officers agreed that no financial action could be taken on this request. APCDA is very young and has very limited resources. APCDA does not have a process nor program currently to support member requests for project funding. We are not sure where the funds would come from.
