**Official Conference Language:** All presentations will be in English. No translation services will be provided.

**Technology:** All presentations will be Virtual. The Conference will provide a Zoom channel for your presentation. If you prefer to use different online presentation software, you may provide your own link to us if your preferred software allows your presentation to be viewed in China (anything based on Google is banned in China). You may provide a pre-recorded video for a portion of the time, but we expect you to be available in person after the video ends to answer questions.

**Handouts:** Presenters are responsible for providing handouts and/or PowerPoint slides for the attendees. They will be pre-loaded into the conference software 2 weeks before the event so attendees have time to download them before the event. Your event will be recorded and provided to attendees following the event. Due to time zone issues, there may be many who choose to watch the video after the conference.
