The 2nd international Implementing the New Urban Agenda and SDGs Conference will be held in partnership with the 26th EAROPH World Congress, in Newcastle, NSW on the 1st and 2nd November 2018.

The congress follows the successful inaugural conference in Melbourne in May 2017 where 240 delegates from 11 countries met for the first time following the signing of The New Urban Agenda in Quito in 2016.

This 2018 congress will be focused on the theme Affordable Living in Sustainable Cities: Achieving the Sustainable Development Goals and the New Urban Agenda.

We aim to make the congress a showcase for existing and planned actions that support the achievement of the Sustainable Development Goals and the New Urban Agenda. A key objective is to develop synergy and integration between these two critically important frameworks.

The congress program will feature key opportunities to engage with international experts and leaders as well as to contribute your own experience to the critical debates emerging around the SDGs and the New Urban Agenda.

PROGRAM

The provisional outline program includes the following core strands. These will be used to develop plenary and workshop sessions. THE PROVISIONAL PROGRAM IS SUBJECT TO REVISION AND AMENDMENT.

- **Leave no-one behind**: housing, homelessness, social equity, zero hunger, health and well-being, education for sustainability
- **Looking after the planet**: water, waste, energy, habitat, consumption
- **Building for durability and sustainability**: transport, telecommunications, systemic asset management, green building, disaster resilience
- **Shaping our Communities**: Urban renewal, decentralisation and rural linkages, urban planning, building communities, localising economic development
- **Making it happen**: treasury leadership, whole of government frameworks, cross-sectoral partnerships

The congress organisers are now welcoming plenary and workshop contributions from businesses, academics, not-for-profits, government and local government departments.

To register your interest as an attendee or to submit a congress contribution in the form of a case study, workshop proposal or a project/research-based report go to www.nuaconference.com
